PROFILE

IT support and automation professional with a Computer Programming diploma and hands-on experience supporting Windows devices, business applications, user accounts, and workplace networks. Builds standalone Windows tools and repeatable workflows for support and business tasks. Brings customer-facing communication and practical troubleshooting to IT support, application support, automation, and software roles.

CORE SKILLS

IT support: Windows, troubleshooting, user accounts, business applications, remote support, documentation, training
Desktop and networks: workstation deployment, PCs, printers, phones, switches, Wi-Fi, physical cabling, security cameras
Automation and tools: PowerShell, standalone Windows applications, PC migration workflows, spreadsheet trackers
Programming foundation: Java, JavaScript, Python, SQL, APIs; coursework and selected projects

EXPERIENCE

Information Technology Support Specialist | Stricklands | Jun 2026 - Present

- Support employees with Windows devices, account access, business applications, and everyday technical issues.
- Install and maintain PCs, printers, phones, Wi-Fi, switches, security cameras, and physical cabling.
- Built a standalone Windows IT Toolbox executable and guided PC migration workflows for recurring support tasks.
- Turn spreadsheet ideas into purchase, employee-goal, and expense trackers; support onboarding with documentation and training.

Service Advisor | Canadian Tire, Stratford | Jul 2017 - Oct 2026

- Explained service needs, estimates, and timelines; coordinated appointments and work orders using CoStar.
- Resolved customer concerns through clear communication, de-escalation, and dependable follow-through.

Overnight Manager | Walmart, Kitchener | 2009 - 2017

- Led overnight staff and store operations across inventory, safety, readiness, and shift handoffs.

SELECTED PROJECTS

- **Social Messaging Microservices:** Java 17, Spring Boot, Spring Data JPA, and MySQL; separate message and user-management services.
- **BBC News Reader:** Android and Java app using the BBC News API, screen navigation, and local favourite storage.

EDUCATION

Computer Programming Diploma, Algonquin College | Jan 2024 - Apr 2025 | GPA 4.0 | Dean's Honour Roll
