PROFILE

IT support and automation professional with a Computer Programming diploma and customer-facing experience. Supports Windows, business applications, user accounts, and networks; manages IT assets, hardware reuse, and upgrade planning. Builds practical software and repeatable workflows, coordinating with vendors to keep business technology usable and supported.

CORE SKILLS

IT support: Windows, troubleshooting, user accounts, business applications, remote support, documentation, training
Desktop and networks: workstation deployment, PCs, printers, phones, switches, Wi-Fi, physical cabling, security cameras
Automation and tools: PowerShell, standalone Windows applications, PC migration workflows, spreadsheet trackers
Programming foundation: Java, JavaScript, Python, SQL, APIs; coursework and selected projects

EXPERIENCE

Information Technology Support Specialist | Stricklands | Jun 2026 - Present

- Support Windows, accounts, and business applications; coordinate troubleshooting and software changes with vendors, including CDK.
- Manage IT assets, repurpose equipment to extend its useful life, and plan hardware upgrades and replacements.
- Built a standalone Windows IT Toolbox executable and guided PC migration workflows for recurring support tasks.
- Turn spreadsheet ideas into purchase, employee-goal, and expense trackers; support onboarding with documentation and training.

Service Advisor | Canadian Tire, Stratford | Jul 2017 - Oct 2026

- Explained service needs, estimates, and timelines; coordinated appointments and work orders using CoStar.
- Resolved customer concerns through clear communication, de-escalation, and dependable follow-through.

Overnight Manager | Walmart, Kitchener | 2009 - 2017

- Led overnight staff and store operations across inventory, safety, readiness, and shift handoffs.

SELECTED PROJECTS

- **Social Messaging Microservices:** Java 17, Spring Boot, Spring Data JPA, and MySQL; separate message and user-management services.
- **BBC News Reader:** Android and Java app using the BBC News API, screen navigation, and local favourite storage.

EDUCATION

Computer Programming Diploma, Algonquin College | Jan 2024 - Apr 2025 | GPA 4.0 | Dean's Honour Roll
